

Programme - 19th May (Friday afternoon) page 1/5

time	min	lecture	speakers	discussion	session
13:30	20	sFlt-1/PlGF beyond preeclampsia.	Alberto Galindo	Alvaro Cohen	Keynote lecture
13:50	10	discussion			
Simpósio Cintramédica Centro Ecográfico Entrecampos					
14:00	20	How will AI impact prenatal diagnostics in the next years	Dagmar Numer	Luis G Martins Jader Cruz	New technologies
14:20	20	Physical and virtual models in Fetal Medicine.	Heron Werner		
14:40	10	Machine learning models on the prediction of delivery after early preeclampsia.	Alberto Galindo		
14:50	5	Artificial intelligence for screening of preterm birth	Marcelo Santucci		
14:55	10	discussion			
15:05	30	Coffee break			
15:35	15	What is the ideal routine examination of the fetal brain in the 2nd trimester anomaly scan?	Claudia Rijo	Alvaro Cohen Miguel Branco	Neurosonography
15:50	20	What is wrong with the corpus callosum?	Gustavo Malingier		
16:10	20	Studying the ventricular system: there is more than ventriculomegaly!	Gustavo Malingier		
16:30	20	Rhombencephalosynapsis: what should we know.	Gustavo Malingier		
16:50	35	Practical clinical cases discussion.	Gustavo Malingier		
17:25	5	Expert neurosonography versus Magnetic Resonance Imaging	Enrico Corno		
17:30	5	Fetal ventricles evaluation at first trimester: association with neural tube defects	Alessandra Bovino		
17:35	30	Why do we miss major cardiac defects?	Monique Haak	Luis G Martins	Keynote lecture
		discussion			
Simpósio Cintramédica Centro Ecográfico Entrecampos					
18:05	20	Is there an association of placental and cord characteristics with perinatal outcome?	Themis Dagklis (videoconference)	Jose M Cruz Eduardo Fonseca	Placenta & cord anomalies
18:25	20	What do we need to know about vasa previa?	Natacha Oliveira		
18:45	10	discussion			
19:00		End of day 1			

Programme - 20th May (Saturday morning) page 2/5

time	min	lecture	speaker	discussion	session
09:00	20	Fetal defence mechanisms in TTTS: what are we missing?	Jader Cruz	Alexandra Matias Teresinha Simões	Twins
09:20	20	How TTTS and sFGR affects fetal cardiac function?	Monique Haak		
09:40	20	Selective fetal growth restriction in twin: new evidence.	Asma Khalil		
10:00	10	discussion			
10:10	30	The future of Fetal Medicine: 3D, AI and metaverse.	Simpósio Cintramédica Centro Ecográfico Entrecampos — Heron Werner	Nicola Volpe	New technologies
10:40	10	discussion			
10:50	30	coffee break			
11:20	30	Laser for TTTS: individualised management.	Simpósio Cintramédica Centro Ecográfico Entrecampos — Asma Kalil	Alvaro Cohen	Keynote lecture
11:50	10	discussion			
12:00	20	Selecting cases for intrauterine spina bifida treatment.	Gregorio L Acacio (videoconference)	Asma Khalil Jader Cruz	Fetal therapy
12:20	20	Prevention of neural tube defects (sponsored by FOLICIL - BIAL)	Catarina Carvalho		
12:40	20	Improvement of fetal lung growth: is it possible?	Jorge C Pinto		
13:00	20	Diaphragmatic hernia: what are the new perspectives?	Alvaro Cohen		
13:20	5	Risk factors for preterm delivery after fetoscopic laser ablation of intertwin anastomosis	Mariana Teves		
13:25	10	discussion			
13:35	55	lunch break			

Programme - 20th May (Saturday afternoon) page 3/5

time	min	lecture	speaker		session
14:30	20	What are the adnexal masses all obstetrician should recognise.	Dusan Djokovic	Ana Chung Carlos Verissimo	Challenges in obstetrics
14:50	20	Premature rupture of membranes before 23 weeks.	Nicola Volpe		
15:10	20	Should we discuss mental health in prenatal care?	Eduardo Fonseca		
15:30	20	Anemia and preterm labour (sponsored by FOLIFER - BIAL)	Bruna Abreu		
15:50	20	Prediction of success in induction of labour: new perspectives!	Nicola Volpe		
16:10	20	coffee break			
16:30	5	Cervical pessary plus progesterone vs progesterone	Marcelo Santucci	Ana Chung	Challenges in obstetrics
16:35	10	discussion		Carlos Verissimo	
16:45	20	10 golden rules for the use of cfDNA.	Oliver Kagan (videoconference)	Margarida Venancio Alvaro Cohen	Genetics in Fetal medicine
17:05	20	fetal structural abnormalities: should we start with exome?	João P Freixo		
17:25	20	How to investigate increased nuchal translucency in 2023?	Ines Carvalho		
17:45	10	discussion			
18:00	20	Best communication UPDATES AWARD ceremony			
		End
